#### **II. REASON FOR AMENDMENT:**

Please detail the reason for this amendment. If scope change, description must include all pertinent information regarding the project (scope of work, square footage, etc.). Include any variances from the original project description. If budget change, describe the need for change (bids came in higher, identifying undetermined funds, increase due to increase scope of work, etc.).

Insert project and amendment description here.

Renovation of Student Services entrance, Auditorium/Classroom, Amphitheater/Outdoor Classroom and Counseling Center in Blair Hall Building 100 (Houses Student Services, Classrooms and labs used for General Education and Continuing Education, Computer Labs, Business Office, Nursing Simulation Lab, and an Auditorium) (64,090 Square Feet). Entryway - A new entryway constructed to define a specific, designated entrance for students and visitors to campus. A new Student Services area was renovated in a prior project and this new entryway will help with directing individuals into the main building (Blair Hall). Auditorium - The current space is tiered and unusable per ADA guidelines. The area will be filled with aggregate, entry doors/area enlarged, and floor concreted to make a level meeting/classroom area. Amphitheater - The current amphitheater has sunken in areas and structure is not safe/stable. The structure will be demolished and a new outdoor teaching area/amphitheater built with shelter and dusk-to-dawn lighting. Counseling Center - An existing office area will be renovated for a new Counseling Center. The existing Counseling Center was displaced during current renovations of new classrooms.

### Board Report Instruction and Student Services August, 2021

#### Instruction

#### Health and Human Services

The first Associate Degree Nursing class had a 100% passing rate on the NCLEX. The Practical Nursing students currently have a 100% passing rate as well, with one student who has not taken the exam.

#### Gunsmithing

Mark Dye, Director of the Gunsmithing Program, had the opportunity to do a site visit at the Department of Energy site at Fort Chaffee, Arkansas in late June. The first Montgomery Community College intern with the Department of Energy, Michael Gardner, completed his Work-Base Learning experience and returned to Troy second summer term to complete his degree.

#### **Student Services**

Student Services Staff assisted in the implementation of the Ocelot Chatbot for the MCC Website. This tool allows student to ask questions and then direct them to the appropriate resource either online or to a MCC contact. Check "Blaze" out at <u>www.montgomery.edu</u>!

The Admission and Retention staff have been busy attending school and community events throughout the summer. Events have included Troy Town Stage, Cruise-In, Troyfest, MCHS registration/schedule change, the Early College and High school Open Houses, Montgomery County Schools Back to School Rally and the MCC Open House to name a few. The staff will continue to recruit through the beginning of the term for Fall students.

#### **Continuing Education**

#### **Business & Industry Services**

Staff completed the customized training annual report. Highlights of the report include, 11 companies which were served and 14 training sessions that were provided at no cost to the employers. The allocated budget for the project was \$7,500. Participating employers included AmeriQual Aseptic, Arauco, Auria, Capel Rugs, Carolina Dairy, DR Reynolds, Jordan Lumber, KM Machine, McRae Industries, Myrick Construction, and Prestige Millwork.

#### Health & Public Safety

Twenty-one students affiliated with local fire departments and rescue teams began emergency vehicle training. All students received a \$500 stipend to assist with expenses associated with the training. The stipend is part of a firefighter recruitment and retention initiative funded by the Blue Cross Blue Shield (BCBS) Foundation of North Carolina.

#### **College and Career Readiness (CCR)**

Staff received a three-year federal grant to support adult basic education and programming. FY21-22 allocation is \$103,340.

#### **Small Business Center (SBC)**

Staff completed the SBC annual report. Highlights of the report include, 41 clients served, 327 counseling hours provided, 26 jobs retained, 19 jobs created, and 9 new businesses established.

#### Pottery

Pottery Camp returned for 2021. The camp for 9-14 year-olds had eight students enrolled. Campers learned about clay and produced great creations. Summer session pottery classes have ended but there will be a full slate of classes available in the fall. If you are interested, contact Sydney Williams (910) 898-9675.

#### **NCWorks**

NCWorks, in partnership with Montgomery County, has on-boarded two On-the-Job Training (OJT) participants. The OJT program provides the opportunity to offset training costs to fill positions, while the employee learns job requirements, and enhances job skills. The two participants are employed as 911 telecommunicator trainees and look forward to the opportunity to obtain full-time employment following the completion of the OJT program.

MONTGOMERY COMMUNITY COLLEGE

MEMO TO: Chad Bledsoe Ph.D., President FROM: Andrew Gardner, Dean of Continuing Education REGARDING: Spring 2021 Class Visitation Log Report DATE: July 1, 2021

In accordance with the College's Internal Audit Plan, Policy 504.00, 50% of all off- campus classes and 25% of all on-campus classes are to be visited during each semester by the corresponding program manager. In addition, the Dean of Continuing Education is required to visit a minimum of 10% of off- campus classes.

During the Spring semester 2021 the Continuing Education division, through Basic Skills, Customized Training, and Occupational Extension programs, offered **96** courses on campus and **30** courses at off campus distant learning venues for a total of 126 courses. Of the 96 courses offered on campus, 33 required verification. Of the 30 courses offered off campus, 14 required verification. Please see enclosed chart for further information.

MONTGOMERY INFORMATION SERVICES COMMUNITY COLLEGE INFORMATION SECURITY PLAN (GLBA) POLICY 7.1.9

#### I. OVERVIEW

In accordance with the Gramm-Leach-Bliley Act ("GLBA"), 16 CFR Part 314, Montgomery Community College implements and maintains a comprehensive written Information Security Plan ("ISP") and appoints a coordinator for the program. The objectives of the ISP are to (1) insure the security and confidentiality of covered information; (2) protect against anticipated threats or hazards to the security and integrity of such information; and (3) protect against unauthorized access or use of such information that could result in substantial harm or inconvenience to customers.

#### II. INFORMATION SECURITY PLAN

This Information Security Plan ("Plan") describes safeguards implemented by the College to protect covered data and information in compliance with the FTC's Safeguards Rule promulgated under the Gramm Leach Bliley Act (GLBA). These safeguards are provided to:

- Ensure the security and confidentiality of covered data and information;
- Protect against anticipated threats or hazards to the security or integrity of such information; and
- Protect against unauthorized access to or use of covered data and information that could result in substantial harm or inconvenience to any customer.

This Information Security Program also identifies mechanisms to:

- Identify and assess the risks that may threaten covered data and information maintained by the College;
- Develop written policies and procedures to manage and control these risks;
- Implement and review the program; and
- Adjust the program to reflect changes in technology, the sensitivity of covered data and information and internal or external threats to information security.

#### **III. INFORMATION SECURITY PROGRAM COORDINATOR(S)**

The Vice President of Administrative Services (CFO) and the Dean of Technology & Learning Resources (CIO) serve as the coordinators of this Program at MCC. They are responsible for assessing the risks associated with unauthorized transfers of covered data and information, and implementing procedures to minimize those risks to the College. Designated staff in both areas conduct reviews of areas that have access to covered data and information to assess the internal control structure put in place by the administration and verify that all departments comply with the requirements of the security policies and practices delineated in this program.

## MONTGOMERY COMMUNITY COLLEGE

#### INFORMATION SERVICES F INFORMATION SECURITY PLAN (GLBA)

POLICY 7.1.9

#### IV. IDENTIFICATION AND ASSESSMENT OF RISKS TO CUSTOMER INFORMATION

MCC recognizes that it is exposed to both internal and external risks, including but not limited to:

- Unauthorized access of covered data and information by someone other than the owner of the covered data and information
- Compromised system security as a result of system access by an unauthorized person
- Interception of data during transmission
- Loss of data integrity
- Physical loss of data in a disaster
- Errors introduced into the system
- Corruption of data or systems
- Unauthorized access of covered data and information by employees
- Unauthorized requests for covered data and information
- Unauthorized access through hardcopy files or reports
- Unauthorized transfer of covered data and information through third parties

Recognizing that this may not represent a complete list of the risks associated with the protection of covered data and information, and that new risks are created regularly, MCC's Cybersecurity Risk Assessment Committee actively participates and monitors appropriate cybersecurity advisory groups for identification of risks.

## V. EMPLOYEE MANAGEMENT AND TRAINING

References and/or background checks (as appropriate, depending on position) of new employees working in areas that regularly work with covered data and information (e.g. Business Office, Financial Aid) are checked/performed. During employee orientation, each new employee in these departments receives proper training on the importance of confidentiality of student records, student financial information, and all other covered data and information. Each new employee is also trained in the proper use of computer information and passwords. Training includes controls and procedures to prevent employees from providing confidential information to an unauthorized individual, as well as how to properly dispose of documents that contain covered data and information. These training efforts minimize risk and safeguard covered data and information.

# VI. PHYSICAL SECURITY

MCC addresses the physical security of covered data and information by limiting access to only those employees who have a legitimate business reason to handle such information. For example, financial aid applications, income and credit histories, accounts, balances and transactional information are available only to College employees with an appropriate business need for such information. Furthermore, each department responsible for maintaining covered data and information is instructed to take steps to

POLICY 7.1.9

protect the information from destruction, loss or damage due to environmental hazards, such as fire and water damage or technical failures.

### VII. INFORMATION SYSTEMS

Access to covered data and information via the College's computer information system is limited to those employees and faculty who have a legitimate business reason to access such information. The college has policies and procedures in place to complement the physical and technical (IT) safeguards in order to provide security to the College's information systems.

MCC adheres to best practices and standards set forth in the <u>NC Institutional Information</u> <u>Processing System (IIPS) Manual</u> prepared by the IIPS Security Standards Committee and provided to North Carolina community colleges.

Social security numbers are considered protected information under both GLBA and the Family Educational Rights and Privacy Act (FERPA). By necessity, student social security numbers will remain in the student information system; however, access to social security numbers is granted only in cases where there is an approved, documented business need.

### VIII. OVERSIGHT OF SERVICE PROVIDERS

GLBA requires the College to take reasonable steps to select and retain service providers who maintain appropriate safeguards for covered data and information. This Information Security Program will ensure that such steps are taken by contractually requiring service providers to implement and maintain such safeguards.

## IX. CONTINUING EVALUATION AND ADJUSTMENT

This information security program will be subject to periodic review and adjustment annually. Continued administration of the development, implementation and maintenance of the program is the responsibility of the designated Information Security Program Coordinator(s), who assign specific responsibility for technical (IT), logical, physical, and administrative safeguards implementation and administration as appropriate. The Information Security Program Coordinator(s) will review the standards set forth in this program and recommend updates and revisions as necessary; it may be necessary to adjust the program to reflect changes in technology, the sensitivity of student/customer data, and/or internal or external threats to information security.
